MOTOROLA

The Multiplexx Case and Holster collection for The Motorola ES400 EDA's

The small pocket able EDA built for big business, Motorola's smallest and pocket able EDA offers the comprehensive voice and data capabilities required to enable your workers to not only receive information, but to take action, immediately. No more paperwork to process at the end of the day. No more delay in receipt of information from the field. No more gathering information before heading out on the road. Now, the tools required to collect and access data, make the best decisions and complete tasks on-the-spot are always in hand.

MOTOROLA

SYNTHETIC CASE WITH SCREEN FLAP

Multiplexx Order Code: 0000-0606

Benefits of the Case

This case has been designed to offer a high level of protection, accessibility and flexibility .
The synthetic material and screen flap offer protection from drops and knocks so that the ES400 stays in top condition.
The ES400 is easily accessible with carefully designed slots for accessing the ES400's features such as; the camera, light sensor, volume buttons etc.
The screen flap can be removed quickly in order for the operator to see the display and use the QWERTY keyboard provided to carryout day to day tasks.

Case features:

- Synthetic Nylon case, for a nice feel and appearance.
- Screen flap, to protect keys and display from damage
- D-Rings, for attachments such as shoulder straps (Sold separately)
- Stylus loops, to hold stylus securely when in transit.
- Bottom buttoned flap so the ES400 can be removed from the case.
- Button for Quick Release Clip 1 *(sold separately)* for connecting case to users belt or waist.
- Case has been designed so all the features such as the camera can be used whilst inside the protective case.
